Education

Dronacharya College of Engineering, Gurugram

2023 – 2027

B.Tech in Computer Science Engineering (AIML)

CGPA: 8.4

G.D. Goenka Public School, Gurugram

2022 – 2023

Senior Secondary (PCM) [CBSE]

Percentage: 88%

Meenakshi Public School, Gurugram

2020 – 2021

High School (10th Grade)[CBSE]

Percentage: 93%

Experience

Junior Odoo Consultant

Jul 2026 – Present

Target Integration

Gurugram, Haryana

- Onboarding into Odoo ERP implementation and support processes, including [Sales/CRM/Accounting]
- Training under senior consultants on client requirement gathering, module configuration, and support ticket resolution.

IT and AI Intern

Jun 2025 – Aug 2025

Subros Limited (IT Department)

Gurugram, Haryana

- Developed and implemented **face detection and recognition models** using Python, OpenCV, and machine learning libraries.
- Supported software installation, configuration, and system updates, reducing downtime by 15%.
- Assisted in maintaining and troubleshooting IT infrastructure, ensuring smooth functioning of systems across multiple departments.

Projects

Clear Sinus AI (In Progress) | *React.js, Typescript, Machine Learning*

View Project

- Developed a full-stack AI-powered web application for sinus disease detection using machine learning models.
- Built a responsive frontend with React and Tailwind CSS for real-time user interaction and visualization.

Victors Club Website | *React.js, CSS*

View Project

- Built a responsive and interactive website for Victors Club using **React.js**, showcasing events, achievements, and member profiles.
- Implemented modern UI/UX with reusable components, smooth navigation, and optimized performance.

Face Recognition System | *Python, OpenCV, face_recognition*

View Code

- Developed a real-time face recognition system using Python, OpenCV, and the **face_recognition** library to detect and identify faces from live video streams.
- Implemented facial encoding and comparison to recognize known individuals accurately from webcam input.

Technical Skills

Languages: C, C++, Python, SQL, R, Java

AI/ML & Data Science : NumPy, Pandas, Matplotlib, Seaborn, OpenCV, Face Recognition, Scikit-Learn

Web Development: HTML, CSS, JavaScript, React.js

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VSCode, PostMan, Excel (Pivot Tables, Lookup Functions), Tableau

Concepts: OOPs, DSA, REST APIs, Visualization, Statistical Analysis

Coding profiles

LeetCode – leetcode.com/Yashxsharma (350+ problems solved)

HackerRank – hackerrank.com/yashsharmaa555 5-star C++ certification, 4-star Python certification

Certifications

Introduction to Machine Learning (Elite Batch)

Nov 2025

NPTEL

Deloitte Australia Data Analytics Job Simulation

Oct 2025

Deloitte via Forage

Java Programming (Silver Elite Batch)

May 2025

NPTEL

Software Engineer Intern Certificate

Jan 2025

HackerRank

Goldman Sachs Software Engineering Virtual Experience Program

Sep 2024

Goldman Sachs via Forage

C Programming Certification

Dec 2023

Spoken Tutorial, IIT Bombay

Achievements

GATE 2026 Qualified (Computer Science) – Validated core technical expertise in engineering fundamentals.

NCAT 2026 (Category 3) – Secured All India Rank (AIR) 5

Smart India Hackathon (SIH) 2025 Finalist – Shortlisted nationally for the grand finale from over 68,000 participating teams.

Hack-O-Relay 4.0 Hackathon Winner – Recognized with the Special Category Award for technical innovation and problem-solving.

NCAT 2025 (Category 2) – Secured All India Rank (AIR) 39

NPTEL Programming in Java – Awarded the Elite Silver Badge for ranking among top performers nationally .
